EDUCATION

Pan Atlantic University — *Bachelor's Degree*

2021 - 2025

Studying Economics.

PROJECTS

My Portfolio (Laolu.dev)

React, TailwindCSS, Typescript, Git

This is my personal portfolio, the website you are currently on right now! I built it all from scratch, without using any templates. I made it unique to me (and even used my custom bitmojies).

World's Richest

React, TailwindCSS, Typescript, Git

This website consumes live data on the world's richest people from an unofficial Forbes API (using the Axios npm package); and displays this data in a clean, modern, and responsive User Interface.

[Read More](#) [Live Url](#)

CalmSlides

React, TailwindCSS, Typescript, MongoDB, Git

CalmSlides is a simple-to-use web product that makes relaxation easier. It exposes users to thousands of randomly picked Unsplash images in a sliding marquee format in a short period. CalmSlides helps users to think, relax, and tune off.
