EDUCATION

Pan Atlantic University — *Bachelor's Degree*

2021 - 2025

Studying Economics.

PROJECTS

iaoe

React, TailwindCSS, Typescript, Firebase, Git

This project is a combination of a website and AI I made. I took the simple game of Tic Tac Toe and decided to make an unbeatable version, by creating some Artificial Intelligence that considers the player's every move and prevents him/her from winning. [Read More](#) [Live Url](#)

My Portfolio (Laolu.dev)

React, TailwindCSS, Typescript, Git

This is my personal portfolio, the website you are currently on right now! I built it all from scratch, without using any templates. I made it unique to me (and even used my custom bitmojies). [Read More](#) [Live Url](#)

CalmSlides

React, TailwindCSS, Typescript, MongoDB, Git

CalmSlides is a simple-to-use web product that makes relaxation easier. It exposes users to thousands of randomly picked Unsplash images in a sliding marquee format in a short period. CalmSlides helps users to think, relax, and tune off.
